SUMMARY

Aspiring IT professional with a strong entrepreneurial background, transitioning from a successful career in commerce to the technology industry. Currently a 4th-semester IT student with hands-on experience in developing full-stack and mobile applications. Passionate about software development, problem-solving, and system analysis, with a portfolio showcasing independent projects. Adept at both front-end and back-end technologies, demonstrating a keen ability to build scalable and user-friendly solutions. Highly motivated to leverage analytical thinking, business acumen, and technical expertise to excel in the IT field. Eager to contribute innovative solutions and grow within the ever-evolving tech landscape.
